Figure 1, Trends in Mine Capacities 2006 to 2024	16
Figure 2, Trends in Smelter Capacities 2006 to 2024	17
Figure 3, Trends in Refinery Capacities 2006 to 2024	18
Figure 4, Trends in Mine and Refinery Capacities by Product 2006 to 2024	19
Figure 5, Trends in Mine, Smelter and Refinery Capacities by Mine/Plant Status 2006 to 2024	20
Table A, Mine Capacities: Country Totals 2010 to 2024	21
Table B, Smelter Capacities: Country Totals 2010 to 2024	22
Table C, Refinery Capacities: Country Totals 2010 to 2024	23
Table D, Electrowinning Capacities: Country Totals 2010 to 2024	24
Figure 6, Projected Cu Mine Production Capacity in New Producing Countries	25
Figure 7, Projected Cu Mine Production Capacity at Countries that Started Copper Mining Last Decade	25
Figure 8, Projected Cu Mine Production Capacity at Countries that were Producing at Low/medium Levels in the Las Decade	25
Figure 9, Projected Copper Smelter Production Capacity Increase by Country – until 2024	26
Figure 10, Projected World Copper Refined Capacity Increase by Country – until 2024	26
Figure 11, Country Concentrate Balance by 2024 (Concentrate vs Electrolytic Refinery Capacity)	26
Table E, Mine Closures 2010-2020	27
Table F, Mine Planned Expansions	28
Table G, Mines Currently under Development	29
Table H, Planned Mines (currently under feasibility or exploration status)	30
Figure 12, Major Copper Mines Projects (cap \geq 100ktpy Cu)	35
Table I, Ranking of the 20 Biggest World Copper Mines Currently in Operation	36
Table J, World Copper Production Capacity Currently Available by Mine Size/Type	37
Table K, Refinery Closures 2010-2020	38
Table L, Developing and Planned Refinery Projects	39
Table M, Ranking of the 20 Biggest World Copper Refineries Currently in Operation	40
Table N, World Copper Production Capacity Currently Available by Refinery Size	41
Table O, World Copper Mine, Smelter and Refinery Production Capacity Summary and Growth	42
Table P, Comparison between current and previous Directory data (tons change)	42
Mines and Plants Data Tables: (detailed information and capacity data by mines and plants)	
Table 1, World Copper Mines Capacities 2019 to 2024 (by country/by mine)	43
Table 2, World Copper Smelters Capacities 2019 to 2024 (by country/by smelter)	158
Table 3, World Copper Refineries Capacities 2019 to 2024 (by country/by refinery)	174
Table 4, World Copper Electrowinning Capacities 2019 to 2024 (by country/by SX-EW plant)	208
Table 5, Seafloor Exploration - Update on off-shore copper exploration projects	233
